

Dear Jimmy & Jeff,

Charles, Zack, Luke & I wanted to thank you'll for the lovely housewarming basket and gift cards.

Your professional, yet personal, approach to building our home made this potential negative into a very positive experience. The quality you guys placed in the finished product is obvious and we couldn't be more proud of our home! Our family and friends

have visited and were very complimentary regarding the design and quality they observed first hand. They said the many pictures we uploaded to Facebook didn't do justice to our home.

We feel very fortunate in having chosen such a personable and reputable builder and send our sincerest thanks and warmest wishes for your continued success.

Thanks Again, The Barriss Fly.
