Dear Jeff, Tammy and Judy:

I'm thankful that Emile and Karrel came to you to build my home, as I had no idea where to start. I am also grateful for all of the little extras that went into making it special. Everyone who stops by is amazed to see how great it is.

I really appreciated the gift basket with the gift cards to BED, BATH AND BEYOND and HOBBY LOBBY. I was able to buy most of the things for my bathrooms and a lot of what I needed. Also, I saved the champagne for the house warming to make MIMOSAS.

Judy, the blinds look nice in the windows.

Thanks to you all for coming to my house warming and for the pot plant. It looks good in my living room and eventually it will be placed on my front porch.

Again, I am blessed and thankful for all that you did for me.

May God bless all of you.

Love,

Theresa
